

You don't have to take *our* word for it:

"Tlehs has been an **exceptional partner** in promoting our real estate brokerage for over two years. We started with an idea and a blank piece of paper and with their help ended with one of the **most successful ongoing brand awareness** and sales promotion experiences in our 25 year history. Thank you Tlehs!!! *Terri Hayes, Managing Broker, Executive Home Sales*

"The high quality newsletters Tlehs produces have been very well received for our external marketing. The staff at Tlehs has been superb in their art and creativity in designing and executing our ads. My experience has been excellent. If you are looking for an ongoing program to reach out in a community give Tlehs a call."

Dr. Uday Parikh, Dentistry 4 You

"As a sponsor, both the directories and newsletters are a very affordable means of advertising. In addition, Tlehs™ is an extremely professional company with excellent customer service. I would highly recommend them to anyone! As a homeowner in a subdivision that uses Tlehs Directory, I can honestly say that the directory is beautifully done in an organized and systematic fashion. It has been my neighborhood phone book for the past 11 years!

*Cathy Lehotan, Office Manager,
Lawrenceville Family Practice*

"Tlehs has been an amazing asset to our company. Dealing with the staff is incredible. We could never say enough good things about Tlehs and everyone that works there."

*Laura McEver Office Manager Verge & Associates, Inc.
Painting and Siding*

"We would like to extend a huge thanks to you and the rest of the team at Tlehs! We have had tremendous success with our ads in your publication. In one month we received over 30 calls!! We are so glad that we stumbled upon Tlehs! By far the best advertising we have experienced!!!"

Megan Ritter, Daylight Basement Co.

"I am really impressed with you and your company. Your work really makes us look professional."

Nancy M. Ketchum, WFCP, Owner, Southern Customs, LLC

"I recommend Tlehs for all of your advertising needs. Our school has been advertising with their organization for the last year and we have had a great response. Our start up school began with 10 students and grew to over 90 with the help of Tlehs. The design department is both professional and creative. The neighborhood directories and newsletters are high quality and a great way to directly market your special niche."

Curriculum Director, Montessori Academy at
Sharon Springs, Cumming*

"Tlehs has helped my business enormously. The right type of advertising is the backbone of any business. When I first signed up with Tlehs, I was very skeptical about how they were going to help me. What impressed me most was the customer service provided to me from a Tlehs sales rep. She took me under her wing and helped me identify what I wanted to do and how we could accomplish it. Tlehs helped me establish a business plan from the graphic art end of creating an advertisement to a financial payment plan within my budget. Furthermore, I'm never concerned about who my advertisement is reaching because Tlehs publishes directories and newsletters in upscale neighborhoods. Tlehs has helped me reach my financial goals and has given me a solid foundation to grow and prosper."

Custom Residential Painting & Home Repair*

Our subdivisions say:

"Everyone I have talked to is really enjoying the directories, and the newsletters are getting a lot of positive attention. I'm really glad they have been so well received, and I think they have had a positive impact on the neighborhood. Thank you for helping make that happen!"

Susan Fitzgerald, Bridgestone Farms

"I've only been involved with the OAC Newsletter for about 14 months, and I wasn't too sure what I was getting myself into. Everyone that I have worked with at Tlehs has made my job a complete pleasure. You are also very patient with my questions and things I want to change. You are all so professional, and you make me look like a genius when the Newsletter comes out each month. Thank you for all your support."

*Penny Mangan, Newsletter Editor,
Olde Atlanta Club*

"I have been meaning to tell you what a great job you did on the directory. This is one of the smoothest jobs we have ever had, and the final product is great. We look forward to a continuing relationship."
